—Laura Rowley, author of *Money & Happiness: A Guide to Living the Good Life* and personal finance columnist for *Self* magazine and Yahoo! Finance

“Lisa Horuczi Markus has written a book that makes clear for others all that I know is true:

- That money isn’t everything but it is one thing; you too can excel.
- That if you can dream it, you can see it. If you can see it, you can achieve it.
- That money may not bring you happiness, but happiness may bring you money.

I was so thrilled that all of these mantras that I have used and that I have experienced in my life have been placed at your feet. Placed at your feet and bundled in a kit that includes an exercise in possibilities that can change every aspect of your life. Use this book as a guide for perhaps the most exhilarating time of your life. I hope you enjoy this journey. I have.”
